**SAINYO DIGI OVERSEAS PRIVATE LIMITED** had started with manufacturing set-up and team that not only would work as a contract manufacturer but more importantly design, develop & market its own brand of sainyo digi air cooler. With a focus on quality and a commitment to timely delivery, the company quickly climbed up the learning curve. What started from basic assembling and contract works grew to turnkey-execution and exclusive supply agreements with some of the biggest corporates in the country.
